## Farm Tools Gift to Museum

Warren and Judy Ellison of Hans Creek have donated several farm tools. The Ellison family has been farming on Hans Creek for over 200 years. One of the artifacts, a broadax, was used to dig out graves on Hans Creek. Having this historical record of the tools is invaluable to presenting and preserving farm implements of Monroe County. The MCHS truly appreciates their generosity.

## 2011 DUES are DUE

This is a reminder for all our wonderful members, that dues are payable on a calendar-year basis. If you have not

paid your dues for 2011, there is no better time than now. Membership dues help maintain the museum and other buildings, as well as printing and mailing the quarterly newsletter. If you have a question about dues, just call Treasurer Judy Wagner at [304.772.4468](tel:304.772.4468). (Please leave a message with your telephone number and she will return your call.

## E-Mail List for Newsletter

Thanks to one of our savvy members, we are developing an e-mail address list for our newsletter. So far, this seems to work well for those members who have high-speed internet service, but some who don't have high-speed service have experienced difficulty. If you would like to receive your newsletter this way, please send an e-mail message to Helen Graves ([helen.graves@mail.wvu.edu](mailto:helen.graves@mail.wvu.edu)). This will ensure that we have your correct e-mail address. Beginning with the next newsletter, you will receive it sooner and also save the Society the cost of a stamp. Thank you!

## March Meeting

The Quarterly Meeting will be held at the library in Union on Sunday, March 13th at 2:00 P.M. The speaker will be Dr. Robert Conte, the Resident Historian at the Greenbrier Resort. He will be speaking on "New Additions to the Green-

brier's Photo Archives". Dr. Conte is author of "The History of the Greenbrier: America's Resort". He is a resident of Monroe County.

## VISTA's VIEW

It is with great sadness that I have to report that my application for spending another year at the Historical Society was denied by the VISTA office in Charleston, because of budget cuts across the board. I won't be any less ambitious in what needs to be accomplished. It does mean that more volunteers are needed, especially to catalogue items.

The richness of Monroe County History compels me to start a series of rotating exhibits that highlight specific aspects of our local heritage. We have limited display space in our museum, and focusing on a specific topic for a duration will let us create more rewarding and informative exhibits, while also giving the public a reason to visit our museum repeatedly. Monroe County's involvement in the Civil War, the springs resorts, the various mills, farming and agriculture—these are examples of the many exhibits that could be created.

Although my service term ends in May, I will be staying a bit later thanks to the generosity of some members.

As always, I can be reached easily by email, at [jerrycampbell@mac.com](mailto:jerrycampbell@mac.com). If you have any interest in helping out the Society in any way, please let me know.
