Seldon Spessard McNeer

Mr. McNeer was a photographer operating in the Monroe County area about a hundred years ago and our files in the Caperton Building contain a number of lovely examples of his work. They include especially nice shots of folks in outdoor groups dressed in the fancy clothes of the period. We are seeking more examples of McNeer's work in the hope of publishing a collection of his pictures. So if you possess any, please consider making good copies and sending them in to the Society—you will be duly acknowledged, and you will have the thrill of bringing Monroe County to life again! We had such good success with collecting vintage pictures for the book, "Carriages of Monroe County" that we know many former residents have good material in their collections.
